## Saint Peter The Apostle School, We have an update on your projects!

Thanks to the following, we're happy to report that work is now underway in the Tigray region of Ethiopia!

CAMPAIGN NAME	AMOUNT RAISED	WHERE YOUR MONEY WENT
Wishing for Wells	\$11,297.69	Ethiopia

### YOUR PROJECT TIMELINE

## WORK IS UNDERWAY IN TIGRAY

### THE PROGRESS SO FAR

COMPLETE	PLANNED & ONGOING
 Site selection and community mobilization	 48 hand-dug wells
 1 drilled borehole with 9 water points	 12 hand-dug well rehabilitations
 53 new hand-dug wells	 113 new drilled wells
 4 hand-dug well rehabilitations	 7 drilled well rehabilitations
 11 new drilled wells	 23 new spring protection developments
 2 drilled wells at schools	 7 spring protection rehabilitations
 2 hand-dug wells at schools	 2 drilled wells at schools
 Water committees assembled with 6 members each	 12 latrine blocks

### WHAT IT LOOKS LIKE

Our field partner, A Glimmer of Hope (AGOH), and their local implementing partner, Relief Society of Tigray (REST), are forming local Water Committees, who will learn to make minor repairs when necessary and work with families in the community to build a preventative fund for larger repairs.

Water committees will consist of six members, three women and three men. Emphasis on equal participation in these committees allows women to act as leaders in training and the sustainability of the water point.

When you give water, you give equality to these communities. You also give dignity, opportunity, health and beauty. Clean water changes everything.
